Powering Out of the Past - Cruising into the Future

March 22, 2012

Smouldering Embers

That's Robert Gosper in the pic, about to saddle up on his 'Spiderman' Chief up at Cabramurra, during day one of the Great Race.

Boasting 160 entries for its 20th year, it was won by the Indian crew, though we suspect our Harley colleagues didn't mind too much as it was a fantastic event that was a real test of machinery and rider.

The Iron Indian Riders were at the Snowy Mountains rally in strength, with Phillip White and Phil Pilgrim (Union Jack), along with Mark Barthelmie (Zorros), mercilessly recruiting new members at every opportunity.

By far the biggest thrill was seeing the fantastic range of machinery on show.

Club members Daryl Jenkins (overall winner - congratulations, sir), John Gee (Antique Motorcycles) and John Munn (Classic Style) distinguished themselves by riding very early models dating back 80 or more years.
