Hi all,

It is now a month since we have been told to keep away from each other and don't do anything that's is fun (unless you are still young enough to do it). Hopefully a lot of you are still able to work. For those of you stuck at home you will have polished your bikes to the nth degree and have been told to help the wife declutter or do the jobs she has been nagging you to do for years. I for one am still hobbling around in a moonboot since my minor accident on the Tassie All British Rally and broke my left fibula. So at the moment if I want to work on a bike I can only work on parts of the bike 3ft in the air, next week I hope to be able to kneel down and get a bit more work done.

As I now have 4 bikes waiting for the next step (where I have to kneel) I am doing a lot of book reading. My thoughts went to you other poor buggars that are now starting to get bored.

Over the last 58 years since I have taken an interest in motorbikes and cars I have collected a shit load of books and magazines. My thoughts are that if anyone wants something new to read I am more than willing to loan some of these books and magazines out to club members.

If you are interested refer to the list below and let me know which books / magazines you are interested in borrowing and I will arrange to get them to you.

Standard Library time of 3 weeks will be apply. Over due books will be charged out at standard library rates. :-) Let me know what you are interested in.
