Powering Out of the Past - Cruising into the Future

Smouldering Embers

No way to treat an Indian

What's that man doing to that nice 1948 Chief? Yep, it's Pilgrim taking a hacksaw to 'Black Bastard', which is about to receive a heart transplant in the form of a Vincent engine. Look for the full story in the next edition of *Smoke Signals* - the club's quarterly mag - and on our web.

It's a numbers game

Like the club's new staff car? We're celebrating the website (IronIndian.com.au) passing the 100,000 visitor mark - quite an achievement for a small club and just 19 months in.

Webmaster Pilgrim says the international audience has grown significantly and now makes up around half the traffic.

Gone fishin'

That's Stevie Higginbotham sizing up a somewhat disturbed fish for lunch. The event was last month's anniversary ride, which was to a trout farm in Noojee and was a big success.

We're told trout was looking like an endangered species by the end of the day, with fish and chips looming as the official club meal.

The next ride (no fish theme that we're aware of!) takes place Sunday, June 3, and departs the BP servo at 797 Mt Alexander Rd, Moonee Ponds at 9.30am.

Organiser Ian Rhook says this time we're heading for the Donny-

brook cheese factory, followed by a quick visit to St Andrews for a warm-up in front of the pub fire.

Don't forget the monthly club meeting at Highway 31 restaurant, Tuesday, May 30 at around 7.00pm.
